FISH REAL ESTATE DONATES TO PROJECT LIFESAVER

Project Lifesaver was brought to my attention by my daughter, who is a South Williamsport police officer, Officer Jennifer Moulthrop. Having been involved for the search for Logan Mitcheltree when he went missing, made me realize how helpful such a device would be in tracking a missing child or Alzheimer's patient who has wandered off. My father had Alzheimer's and he went missing once and the fear, and desperation you feel when you can't locate them is overwhelming. Fish GMAC Real Estate always donates to local charities and the entire office felt this was a good cause. - Karen Campbell, Agent for Fish GMAC
